

MULTIPLY

Combine this card with two number cards to get their product.

e.g. MULTIPLY(3, .5) yields "1.5";
MULTIPLY(3, NEGATIVE(2)) yields "-6"

ACTION CARD

NEGATIVE

*Combine this card with a
number card to multiply that
number by -1*

e.g. NEGATIVE(3) yields “-3”

ACTION CARD

DUPLICATE

*Apply this number **twice** (to two different terms in the model, or twice to the same term).*

e.g. DUPLICATE(2) lets you add 2 to both your slope and your intercept, or add 4 to your intercept, or add 4 to your slope

ACTION CARD

ATTACK

*Combine this card with a number (no 5s, though). You now can apply that number to a term in **another player's** model!*
